

Chief, Economic Research

19 January 1955

Chief, Basic Intelligence Division

NIS 26, Section 60, OIR Draft Copy

REFERENCE: a) By memorandum, same subject, of 7 October 1954
b) Memorandum from Acting Chief, ST/PR, same subject, of 10 November 1954.

1. By reference (a) I requested that the draft manuscript for NIS 26, Section 60, prepared by OIR be reviewed by the Economic Research Area. Comments of the Analysis Division were returned with reference (b). These were transmitted to OIR where certain modifications suggested by these comments were incorporated into the original draft.

2. Inasmuch as OIR expended considerable effort to develop this material at a time when they were charged with the responsibility, and in view of the OIR request for timely publication of this material to meet requirements, we are publishing it in the NIS as a State contribution.

3. This will require that your scheduled production of Section 60 for NIS 26 be done under the maintenance program, which will permit this material to appropriately reflect the supporting Chapter VI sections for NIS 26 that you have scheduled for production as maintenance elements.
